HOW TO OVERCOME THEM WITH JAHIA

Integrate with systems you already use

Dedicated applications, intranets, catalogs are core to your business. Don't re-develop them: integrate them seamlessly in all your Jahia DX-based digital projects.

Personalized experiences

To optimize your user experiences and allow your teams to create curated and personalized contents, in full autonomy.

Go mobile seamlessly

Make sure your audiences reaches your services and provide them with the experience they want on any of their devices: desktop, tablet and mobile.

68% percent of public service executives surveyed believe digital ecosystems are already having a noticeable impact on, or will dramatically transform, the industry.

THEY THRIVE WITH JAHIA

The European Parliament is a unique multinational parliamentary assembly elected directly by the citizens. The 751 Members of the European Parliament (MEPs) represent over **500 million citizens**.

We were having problems with downtime on our old platform and needed to move to a more reliable, robust content management system. Jahia has kept us nearly **100% available to our audience**.

Kevin Hastings / Digital Program Director

The Université Nice Sophia Antipolis is research-intensive. With its 47 labs associated with the big research institutions (CNRS, INSERM, INRIA, INRA, CRD, OCA), it is **ranked among the world's top 3% of universities**

(Shanghai Ranking).

Wallonie

“The Geoportal of Wallonia draws many benefits from the Jahia platform. This CMS has many basic modules that can be customized very easily. The simplicity of the editing interface makes it much easier for the site manager to perform their task.

Samuel Mattern / Head of the geoportal project

THE MOST COMPREHENSIVE DIGITAL EXPERIENCE PLATFORM

Digital Experience Manager (DX), the heart of our DXP

Content, app and external sources integration.
Multisite, multilingual, multi channel.

Fully integrated with the following:

Marketing Factory Customer Data Platform (CDP)

Based on Apache Unomi, the Java Open source CDP is designed to manage customers, leads and visitors' data, and to help personalize customers' experiences, whether on-premise or in the cloud.

About Jahia

Jahia is a software vendor that provides the most comprehensive and integrated open source Java Digital Experience Platform (DXP) that unifies content, applications and customer data for truly personalized customer experience.

Leveraging Jahia's DXP strong continuous integration capabilities and easy to use interfaces, IT & Marketing teams build and manage together all their multichannel initiatives, faster than with any other solution.

Founded in 2002 and headquartered in Geneva, Switzerland, Jahia Solutions Group has its North American headquarters in Washington, DC, with offices in Houston, Toronto and throughout Europe. Jahia's loyal customers community counts hundreds of global brands and organisations such as HomeAway, BNP Paribas, Sodexo and the European Parliament.
